To expedite prosecution of the application, the applicant has agreed to the following amendment:

The application has been amended as follows:

*Cancelled claims 7-14.*

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach a method of controlling the temperature of a substrate by lowering and raising the substrate to varying distances in reference to a heating chuck to achieve a desired substrate temperature during processing.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
